Hi Bob,

Hope all is well. We have received below CPRA request from Adrian Riskin. I'm not sure if you have gone through the process before but we are happy to schedule some time to go over formatting, redacting, exemptions or anything else pertaining to the request.

Timeline for completion:

	*	Request received September 24
	*	SPBID to request extension on October 4th
from Mr. Riskin	*	Requested docs due on October 18 at 5:00
PM		

Let us know if you have any questions.

Many thanks!

Good morning, Ms. Riotto and others.

I'd like to obtain copies of emails and their attachments in the possession of Bob Buente from January 1, 2017 through date of compliance that relate to the operation of the BID.

Please note that I need to see copies of these emails in native format as required by the CPRA at Section 6253.9(a)(1). Native formats for emails are MBOX, EML, or

MSG. I also need to see all attachments to these emails in their native formats. Please note that when you provide emails in native format their attachments are automatically included in native format. The EML format that you've previously used is ideal.

If you find it necessary to redact any of these emails, please note that both EML and MBOX are text formats. The files can be opened in any text editor, e.g. Notepad, and segregable exempt material can be redacted by replacing it with innocuous symbols, e.g. ++++++. Any other method of redaction destroys information as well as the essential character, including the searchability and sortability, of the record and violates the CPRA at section 6253.9(a)(1). This method of redaction is probably easier for you as well since it allows for search and replace.

Finally, if you choose to withhold or redact any records responsive to this request, please take measures as you would under a standard litigation hold not to delete those records until we have settled any disputes over claimed exemptions to our mutual satisfaction. If there are any records which would be responsive but for the fact that you've chosen not to consider them to be public records for any reason, please inform me of their existence and retain those under the same terms.

Thanks so much!

Adrian Riskin
